Company name

IKEA Japan K.K.

Job description

Position: Country Chief Financial Officer (CFO) – IKEA Japan

Location: IKEA Japan Service Office, 2-3-30 Hama-cho, Funabashi-shi, Chiba

IKEA Japan is looking for a strategic and inspiring Country CFO to lead the next chapter of our growth journey. This is a unique opportunity to shape the financial future of one of the most dynamic markets in the world.

Who you are

You are passionate about people, business, and the IKEA vision: creating a better everyday life for the many people. You are energized by driving profitable growth, increasing customer value, and contributing to long-term business success through people. You find motivation in leading through change, developing others, and enabling strong performance.

You bring:

- Proven ability to connect strategy with results, translating business needs into financial insights, consequences, and opportunities.
- Strong communication skills to simplify complexity, influence decisions, and create energy and commitment across the organization.
- Solid business acumen, with the ability to identify external trends and turn them into new opportunities for growth and efficiency.
- Resilience and change orientation, able to lead in a fast-evolving environment with multiple stakeholders and priorities.
- Ability to inspire collaboration and accountability, ensuring financial stewardship while enabling innovation and transformation.

You have:

- A bachelor's or master's degree in Accounting, Finance, Economics, or a related field.
- At least 10 years of progressive experience in finance, including 5+ years in leadership roles within international organizations.
- Professional accounting qualification (ACA/ACCA or local equivalent).
- A strong track record in developing people through coaching, direction, and growth opportunities.

- Experience working in international environments and a desire to continue developing your career on a global scale, bringing curiosity, adaptability, and collaboration across cultures and markets.

Your Responsibilities

As Country Chief Financial Officer for IKEA Japan, you will play a key role in shaping and securing the next chapter of IKEA Japan's journey, celebrating 20 years of growth while steering the business toward a more profitable, affordable, and sustainable future.

You will act as a strategic business partner, closely connected to operations, supporting growth, cost optimisation, and financial stability — all while enhancing the customer experience.

Your key responsibilities include:

- Be an active member of the Country Management Team, contributing business insight, financial direction, and long-term strategic guidance to secure sustainable performance.
- Lead the business planning process, aligning the IKEA Retail Business Plan with the Country Penetration Plan and the IKEA Financial Strategy.
- Optimise profitable growth and cost efficiency, maximising the value of IKEA assets while ensuring affordability and long-term competitiveness.
- Identify and prioritise investments that drive customer value and transformation — balancing growth opportunities with financial discipline and risk awareness.
- Secure reliable, timely, and compliant financial, management, and tax reporting, in line with local laws and global accounting standards.
- Champion digital transformation within Finance and across functions, using data and technology to improve insights, processes, and decision-making.
- Enable the IKEA sustainability agenda by integrating financial and environmental goals, supporting IKEA's ambition to become more People and Planet Positive.
- Lead proactive risk management, safeguarding co-workers, customers, assets, and the brand while supporting long-term business continuity.
- Represent IKEA Japan externally, acting as a spokesperson and trusted financial ambassador for all IKEA entities in Japan.
